

Please leave the Wisconsin no-call rules just as they are. I have thoroughly enjoyed the quietness of my phones - especially during the dinner hour - since the law was enacted. I do not want telemarketers calling my home, and I think the law as it stands is a good representation of my wishes. I think I should have the right to limit nuisance calls and this law helps me do this very effectively. Don't cave to the telemarketers - companies will just have to spend their marketing dollars through other media. Thanks for listening.
